Set on one full acre of land, this architect-designed single level masterpiece is truly a very rare find. Located in an exclusive cul-de-sac, this home has many quality features such as extra high vaulted ceilings, sunken lounge and dining which has a double sided wood fireplace as its feature, plus a huge billiard room/home cinema and bar, all focusing out onto the gorgeous bush setting. The study is located just off the entry foyer and leads to the triple auto garages. All 4 bedrooms are of good size, especially the master suite, which is at the rear of the home and contains plenty of built in robes, a lovely ensuite and it too has views of the bush backdrop. The modern Caesar stone kitchen with all its best appliances overlooks the meals/family room and the sensational 5 x 5m atrium style sunroom. The outdoor alfresco entertaining area is huge and overlooks the sparkling, salt water in ground swimming pool with water feature, rear backyard and landscaped gardens.
