

CastleHaven

104 Pendle Way Pendle Hill NSW

4  2 

A rare opportunity exists to acquire professional consulting rooms which may be used for three doctors or three dentists, currently set up as a doctor's surgery. Three separate surgeries, all fully air-conditioned, waiting rooms, kitchen facilities, lounge area, male and female bathroom facilities and on site parking. The residence is to be used in conjunction with the surgery. Positioned on the edge of town, within a short stroll to the station, it would be ideally suited to a small group of doctors or a fantastic investment opportunity.
